HON. LUCIEN MAYNARD,

SIR:

I have the honour to submit herewith the Twenty-eighth Annual Report of the Department of Municipal Affairs for the year 1939.

LEGISLATION

During the year 1940 the following Acts or Amending Acts were placed on the Statutes of the Province, all of which have some bearing on the work of the Municipalities or the Department:

- An Act for the Relief of Persons Serving in the European War;
- An Act to amend an Act to validate and confirm an Agreement between the Town of Lacombe and the Municipal District of Crown No. 399, for the purposes of Hospital facilities;
- The Municipal District Act Amendment Act, 1940;
- The Municipal Improvement Assistance (Alberta Act) Amendment Act, 1940;
- The Local Authorities Borrowings Guarantee Act, 1937; Amendment Act, 1940;
- The Tax Recovery Act, 1938; Amendment Act, 1940;
- The Seed Grain and Other Advances Security Act Amendment Act, 1940.

STATISTICAL INFORMATION

The statistical information contained in this Report is compiled from financial statements furnished by the various Cities, Towns, Villages and Municipal Districts, and covers the calendar year 1939. Information regarding Improvement Districts is taken from departmental records and covers the fiscal year from April 1st, 1939, to March 31st, 1940.

Cities (7)

There has been no change in the number of cities.

Population shows a further increase of 3,500. There is shown a total increase between 1935 and 1939 of 8,700.

Assessment. — The total assessment shows an increase of \$4,350,000.00. The highest assessment since 1935.

Taxation.—Although the total assessment is so much higher the levy for 1939 shows a further decrease from 1938 of \$133,000.00. There has been a steady decrease shown in the levies for the last four of the five years under comparison.

Receipts.—Collections in 1939 were about \$706,000.00 more than the current levy; the highest percentage in the years under comparison.

Debentures.—Debentures outstanding shows a further reduction of \$934,000.00. The sinking fund shows an increase of approximately \$492,000.00.

Temporary Loans. — Loans liability has been reduced by \$1,888,500.00.

Towns (54)

The actual figures in this report refer to 52 towns only, as the status of the Town of Grouard has been changed to that of a Village and the Town of Lloydminster reports direct to the Province of Saskatchewan. The Village of Rocky Mountain House was elevated to the status of a Town.

Assessment.—The total assessment for the towns shows a decrease of \$5,774,642.00 under the figures shown for 1938. This reduction is principally in the business and special assessments. Business assessment has decreased by \$1,252,266.00 and special by \$3,986,232.00.

Taxation.—The current levy made in 1939 was \$2,100.00 more than that of 1938. Collections show an increase of about \$7,300.00 with an increase of cancellations of \$29,848.38. This increase in cancellations is accounted for by the cancelling of subdivisions in several of the larger towns.

Receipts.—The total receipts in towns show a total increase of \$105,000.00 over 1938. Of this amount, \$85,709.50 is due to receipts from debentures, leaving \$20,000.00 as actual increase from other sources. In this statement it will be noted that we have segregated the utilities and are showing the amount received from these services under a separate heading. Receipts for trust taxes show an increase of \$51,696.67. Loans received were \$66,000.00 less than in 1938.

Payments.—Payments for administration have decreased \$50,000.00 from the amount shown for 1938. Protection of person and property shows increased expenditures of \$8,000.00. Grants, aid and relief show a decrease of about \$35,000.00. Trust taxes remitted show an increase of \$121,058.68.

Assets.—There is a net increase of cash on hand and in the bank of \$56,253.89 over 1938. The total assets show an increase of \$600,000.00. Accounts receivable show a decrease of \$62,000.00; debenture assets a decrease of \$70,000.00; inventories and supplies on hand a decrease of \$97,000.00; fixed assets an increase of \$100,000.00; sundry a decrease of \$50,000.00; trust cash on hand and in bank an increase of \$18,000.00; uncollected trust taxes an increase of \$99,000.00. A portion of these increases and decreases is accounted for by the utilities being shown under a separate heading.

Liabilities.—Liabilities in total show a reduction of \$190,000.00 from 1938.

The increase and decrease under the separate headings can be accounted for in part by the utilities now being shown under separate headings.

Loans and Debentures.—There were only \$50,000.00 new debentures issued by towns in 1939. Total debenture liability shows

a reduction in 1939 of \$44,946.14, while the outstanding temporary loans shows an increase of \$5,076.39.

For the five years under comparison the tax levy has remained for the last four, at least, practically the same — at about \$948,000.00—while collections have shown a steady increase from \$815,233.19 in 1935 to \$918,376.61 in 1939, an increase of over \$100,000.00 in that period.

During the period, \$434,802.25 of taxes has been cancelled and \$270,262.94 has been allowed by way of discounts.

It is gratifying to note that the amount of net cash carried in the bank and on hand has shown a steady increase from \$273,184.54 in 1935 to \$368,140.41 in 1939, while the total liabilities are being reduced.

Villages (143)

The villages are three less than at the end of 1938. Rocky Mountain House has been changed to the status of a town, while Monarch and Retlaw have been dissolved.

Assessment.—The total assessment of all villages in the Province shows an increase of \$300,000.00 over 1938. This increase is apparently mostly in buildings and improvements.

Taxation.—The current levy shows a decrease of \$6,000.00 and collections have decreased \$1,500.00. There were \$23,000.00 less cancellations than in 1938.

Receipts.—The receipts from municipal taxation are practically the same as in the previous year. Slight increases are noted under advances and charges repaid; municipal revenue other than taxes and trust taxes, whereas the other sections show slight decreases. The cash positions remain practically the same.

Payments.—Payments made on aid and relief show an increase of \$11,000.00; public works an increase of \$13,000.00; loans and sundry \$2,000.00 each, while the other sections show slight decreases.

Assets.—The bank balances at the end of the year show a decrease of nearly \$6,000.00; uncollected municipal taxes show an increase of \$53,000.00.

Liabilities. — The total liabilities show an increase of about \$22,000.00, due to the increase in the amount of uncollected trust taxes and sundry trust liabilities.

Loans and Debentures.—Debenture liability has increased by \$4,000.00 while the temporary loans shows a decrease of \$2,300.00.

Municipal Districts (145)

During 1939 the number of municipal districts was reduced from 151 to 145. This reduction is accounted for as follows:

M.Ds. 214, 242, 273, 305, 331.—These districts are now dissolved and are a part of the Special Areas, and are now under the administration of the Department of Lands and Mines.

M.D. 460 has been dissolved and is now an improvement district.

There is a reduction in assessment and taxation mainly due to the transfer of the above noted disorganized units to the Department of Lands and Mines.

Receipts.—The receipts from municipal taxation dropped about \$122,000.00 under the 1938 figure, but are still about \$300,000.00 over the 1935 to 1937 collections.

Payments.—The payments show considerable reductions in some sections, with slight increases noted under Public Works and Protection of Person and Property.

Assets.—There is a reduction of assets shown under all headings. This reduction is caused mainly by the transfer to the special areas.

Liabilities.—All sections show a reduction as the result of the transfer of the special areas.

Mill Rate.—In 1939, 11 municipal districts reduced their mill rate, while 25 districts increased their rate. The average mill rate for municipal purposes in 1939 was 7.9 mills.

MUNICIPAL HOSPITAL DISTRICT TAX AND REQUISITION STATEMENT

There is again included the hospital tax statement in this year's report, but again it should be noted some figures contained in the report do not pertain to actual taxes levied but to the collection of monies under a hospital agreement and the payment of hospital bills.

SCHOOL DIVISION TAX AND REQUISITION STATEMENT

The statement for the year 1939 shows the standing of the respective municipalities not only as regards requisitions and payments thereon, but also as to the tax position.

In the year 1937, the Department of Education adopted the system of the larger school divisions, and in that year 11 school divisions were erected. In the year 1938, the number of school divisions was increased to 22. In the year 1939, there were 44 school divisions in operation. As at December 31st, 1939, only 5 municipal districts were not included in any school divisions.

By the formation of the large division, a number of schools which formerly levied and collected their own taxes automatically became requisitioning schools, thus increasing the amount of requisition made upon municipal districts. In practically every municipal district there were a number of self-collecting school districts as well as those which requisitioned on the council of the municipality.

In 1936 the total requisition made by rural schools upon municipal districts amounted to \$1,871,059.54. In the year 1939, the amount of the requisition for school purposes amounted to \$2,574,943.75, the increase being due principally, as stated, to the additional number of schools which came under requisition.

In the year 1936, and previously, the Department of Municipal Affairs had no part in the levying of school taxes. All school districts situate in improvement districts made their own tax levy. In the year 1937 with the formation of school divisions, it became the duty of the Department to provide the funds for payment of requisitions submitted by the newly erected school divisions.

The amount of requisition for the year 1937 was \$181,911.99; 1938, \$313,927.56; and 1939, \$403,544.72.

The Department, therefore, is required to levy and collect taxes for school purposes in increasing amounts in all improvement districts which are included in the bounds of the school divisions.

COMPARATIVE STATEMENTS

The comparative statements for the past five years have again been brought up to date, and may we again state that in some instances these statements do not contain as many headings as the detailed statements for the cities, towns, villages and municipal districts, and it will be necessary in some instances to refer to the individual statements.

Respectfully submitted,

A. SOUTTER,
Deputy Minister.
